AIR PLANES LEAVE VIENNA FOR PARIS

Vienna, July 14—The three American round-the-world airplanes took off from Vienna for Paris, a distance of 650 miles, at 5 40 a. m. today. They expected to reach the French capital at two o'clock this afternoon (Vienna time)

The airmen had intended, upon their arrival at Paris, to circle over the Arc De Triomphe and drop a floral wreath upon the grave of the unknown soldier, but the flowers they ordered failed to arrive in time and they were little specks on the western horizon before the automobile delivery wagon from the florists dashed up to the airdrome.

"We are glad to see white faces again and hear our language," Lieut Lowell Smith, flight commander, said. "We are enjoying this business of 'working our way around the world, but we certainly do long for the United States."

DALY IS TO HEAD HOSPITAL CAMPAIGN

Bank of Charleroi & Trust Company Head Consents to Lead Among Those Who Will Put Over Funds For the Hospital

THOSE WHO WILL ASSIST

List Contains Such Men As Thomas P. Tweed, B. B. Fox, W. H. Milliken, J. T. Heffran, Dr. A. S. Sickman — M. P. Neighbor Is Director

K W. Daly, president of the Bank of Charleroi and Trust Company, and well-known throughout this locality for his public spirit and community service, has accepted the position of general chairman of the campaign to raise a building fund with which to erect a new hospital at North Charleroi.

This announcement was made this morning by J. Bryant Tussing, chairman of a group selected by the executive committee to secure Mr. Daly's services in the forthcoming drive. Other members of the committee were T. P. Tweed. B. B Fox. W. H. Milliken, J. T. Heffran, Dr. A. S. Sickman and M. P Neighbor, campaign director.

Mr Daly protested that there were other men better qualified and with more time at their disposal who, in his opnion, could better serve the community in this undertaking, but the committee pointed out that 37 members of the campaign executive committee thus far selected were unanimous in wanting to work under Mr. Daly's leadership.

Being informed that there would be at least 200 other citizens enrolled in the civic army to raise the money, he finally offered to serve as general chairman of the campaign, if it was the wish of those who would have charge of the larger responsibility of getting the money.

That all members of the campaign executive committee would be obliged to take sufficient time from their business to cooperate actively and effectively in securing the money was the only condition Mr. Daly made in accepting the place.

"Everyone that we have talked with has been whole-heartedly in favor of Mr. Daly serving as general chairman," declared Mr. Tussing, "and therefore, even though he is an exceedingly busy man, we succeeded after an hour's conference at the bank, in drafting him to take the re-

SEWER PERMIT IS GRANTED

City Controller R. J. Albright of Monongahela yesterday received a permit from the sanitary water board of Monongahela for the construction of the sanitary sewer in the Fourth street hill district, Monongahela.

This sewer has been the cause of litigation and controversy, as the first plans were made to build the sewer across Park avenue from the hill district to empty into Pigeon creek, a considerable distance from the mouth. Residents in the First ward, along Pigeon creek and Park avenue, opposed the emptying of the sewer into the creek on the grounds that the current of Pigeon creek is not swift enough to carry sewage into the Monongahela river, due to backwater at the mouth of the creek.

State health inspectors visited the city over a year ago when the controversy was at its height and supported the argument of the property owners and residents in the district. As a result the matter was held up for over a year awaiting action by the state department and local authorities Now that the state has approved the new plan prepared and submitted by City Engineer Mark G. Borland, it is likely that work will be started as soon as possible. According to the approved plan the sewer will care for the entire hill district above Union street and will run down to Park avenue, continue along this street for a short distance, then across Gregg's bottom and follow the creek to its mouth where it will empty into the Monongahela river. The new arrangement is entirely satisfactory to a majority of property owners and residents along Pigeon creek, according to the city officials.

A Church Is To Be Finished In Short Order

At a recent meeting of the officials of the Riverview Baptist church, the contract for the completion of the extension to the church was let to Vincent Boyd, contractor of Monongahela The work will be started at once and will be pushed to an early completion.

A little over 16 years ago the First Baptist church of Riverview had its inception and the first definite action toward its erection was begun Previous to this, congregational meetings were held in the Riverview school house. On March 31, 1908, a meeting was held at which time the Rev H. C. Glass, corresponding secretary of the Pittsburgh Baptist Association, presided, at which time it was decided to build a church. More than 40 persons living in the neighborhood applied to the First Baptist church for letters. These were granted and thus a nucleus was formed At subsequent meetings the organization was effected and a charter secured A plot of ground was secured and plans drawn for the church building. Building was started under unfavorable circumstances but with only half of the building completed the funds were exhausted. Some time ago plans were made by the congregation and Rev. E. B. Sharpless, the present pastor, to complete and add to the structure At a congregational meeting held April 22, it was decided to proceed with the work of completing the church edifice. Some changes have been made from the original plans, the new addition being made 10 feet longer with several interior changes which will give a larger seating capacity. A choir loft, a more commodious pulpit, and a baptistry adjoining. The building when completed will be of an imposing character and will add much to the beauty of the surroundings.

Local people suffering with teeth trouble will be "out of luck" Wednesday, July 16, when all the local dentists will join with other members of the Washington County Dental Association, journeying to Fayette County, and there spending the day, enjoying their annual stag outing. The main feature of the day will be a fishing contest.

The committee on arrangements composed of Drs. Paul Tinavsky, Vernon Eagye, Golden Harrington and Noah Jones, have completed all plans and a good time is in store for the molar and incisor extractors.

Dr. Paul Tinavsky, president of the organization, has extended an invitation to the officers of the Pennsylvania State society to attend. The dentists of the county are going to try their skill at "pulling out" of the lake, and forget their worries and cares for that day.

Mrs. Davis Is Daughter Of An Alumnus

Later Mr Bassel formed a partnership with Mr Davis Still later, after the death of the senior member of the firm, young John W. Davis read law with Mr. Bassel, and entered into the partnership from which death had removed his father And still later John W Davis married the daughter of John Bassel, and today she is entered in the race for the position of first lady of the land.

Among the classmates of Mr. Bassel back in Civil war days were the late James J. Jones, brother of George O. BUTLER MAY GIVE UP POLICE WORK

Philadelphia, July 14.—Smedley D. Butler, Philadelphia's fighting director of public safety, may give up his police work here on January 1, and resume his work as ranking Brigadier-General of the Marine Corps, it was reported today.

Director Butler, it is rumored, recently wrote a letter to Major John A. Lejeune, commander of the Marine corps in reference to his return to the service when his leave expires.

Butler came to Philadelphia last January on a one-year furlough from the marine corps At that time he announced he would continue as head of the safety department as long as it was necessary to protect his lieutenants from political interference.

Recently, it is said, the general has had a change of heart and began to yearn for his military work. He admitted to friends that he was tired of his police job and was only sticking to see what would happen next.

General Butler today would not confirm or deny he had written a letter to Gen. Lejeune, saying that it was a "private matter."

New Train Schedule Goes Into Effect Here Yesterday

The new passenger train schedule for the Pennsylvania railroad went into effect here yesterday. Locally applied it is as follows:

South Bound, A. M.—6:04, 7:45, 9:36.

South Bound, P. M.—1:52, 3:41, 5:24, 9:40.

North Bound, A. M.—3:47, 6:05, 9.4, 10:22.

North Bound, P. M.—12:27, 4:17, 5:43, 7.05.

After considerable study and forethought the above schedule has been entirely changed and so far as possible is satisfactory to the towns of the Monongahela valley. One of the important changes is the extension of the 2:41 to Crucible, thus affording the shoppers of the up-river towns ample time to come to the borough, make their purchases and return home. During the arrangement of the schedule, the "bummer" was taken off, but after due consideration was placed back on the schedule, which is another satisfactory feature.

COURSE OF TRUE LOVE NE'ER RUNS SMOOTH

Pittsburgh, July 14—The romance of Leroy Gentile and his wife Anna, both aged 16 who were married in Wellsburg, W. Va, Saturday, smashed on the rocks of parental anger today and Judge Houston said the parents would either have to let the young couple live together or send the boy to the Industrial school at Morganza.

The youthful pair clinging closely to each other told the judge they have been treated unfairly at their respective homes, and thought the best thing to do was to elope.

The parents said they would decide later whether to sanction the marriage or send the boy to Morganza until he reached the age of 21.

OLD MEN IN POLITICS.

This has been called an age of young men, but without reason where the field of politics is concerned. To find such an era in American politics it is necessary to go back to the beginning, when Jefferson wrote the Declaration of Independence at the age of 33, when Patrick Henry declared he preferred death to political slavery at the age of 29, when Hamilton, Madison, Monroe, Marshall and Randolph helped to form or stabilize this government in their thirties. It is quite different now. For these times Mr. Coolidge is relatively young at 52, but in his conservatism and deliberation he reveals the characteristics of a man much older, and his keynote speaker, Mr. Burton, is well advanced in the seventies. It is true that the Democratic "keynoter," Mr. Harrison, is only 42, and that Governor Smith is only 50, but Mr. McAdoo is 61, Lafolleite is 69, as also Debs, while the perennial Bryan is 64.

Relatively younger men have come forward in the Democratic convention, such as Franklin D. Roosevelt (42) and ex-Secretary Baker (52), but with the exception of Gov. Smith the older men have been in control. May this not help to explain the stubbornness and immobility displayed? May it not also have been at the back of the cut-and-dried function at Cleveland, decided in advance, with a remarkable lack of ambition to enter the lists against the candidate so chosen? There would seem to be great need of younger blood in American politics, of minds that have not yet reached the static stage or succumbed to the intellectual ossification usually inseparable from advanced years.

THE OFFICE CAT

I suppose she gave up her music when her husband died.

No, she still plays, but only on the black keys.

I wonder why they call it the school girl complexion when they get it from the drug store?

Who remembers the pre-tax days when a business man bragged about how much money he made instead of how poor he is?

Are they engaged? I heard him begging for "just one" behind the palms over there.

Naw, they're married. He was askin' for a dollar.

A "quiet little dinner for two" may develop into a noisy big divorce case for four.

Offhand, I'm not in favor of it, said the hero as the surgeon amputated his arm.

While you bob me, says a Charleroi lady, tell me all the neighborhood news. And, she added, make it snippy.

No wonder politicians get hard-boiled. They are always in hot water.

When science has made all the women ravishingly beautiful, who will darn homely man's socks.

If a fellow doesn't get a letter from his girl, it is much more to the point to write to her before complaining to the post office department.

It is suggested that by means of the radio, people can hear what Congressmen are saying. But what is needed is a device that will enable the public to see what they are doing.

HAROLD TAYLOR OF MONONGAHELA BREAKS RECORD

The record for 18 holes at the Monongahela Country club was again broken last week, when Harold Taylor of Monongahela shot a 79. The previous record of 78 was held by James Burke of Donora.

Saturday was a feature day at the club, which finished the 18-hole qualifying round for the big silver cup. The highest score to qualify was 86. Winners of the 18-hole match were as follows: C. John, first, of Monessen; G. S. Van Hoesen, second, of Donora, S. C. Bosworth, third, of Charleroi, F. K. Nelson, fourth, Monongahela, L. J. Bailey, fifth, Charleroi, J. W. Whitsett, sixth of Monessen, A. G. Bussman, seventh of Donora, and G. S. Nikols, eighth of Charleroi.

The 32 low-score men are matched for the first elimination round which starts today and ends Saturday. The first bracket matches are: A. E. Thomas versus A. J. White; John Dorr versus J. B. Clark; Robert Carr versus Dr. C. J. Hanlon; J. H. Kelly versus J. M. Schumn; D. M. McCloskey versus E. X. Ely; W. J. Goggins versus Harold Taylor; H. A. McDermott versus T. H.Robinson and Grover Boyd versus Adrien Ferrier. The second bracket follows: C. N. John versus A. W. Taylor; C. E. Gibson versus J. N. Neuhart; George Gordon versus J. M. Whitsett; S. C. Bosworth versus G. S. Van Ozze; L. J. Bailey versus William Francz; A. L. McVicker versus James Burke; Dr. J. W. Allen versus H. O. Colgan and Dr. Chester Stahlman versus Robert H. Robinson.

There will be a dinner match played on the local ground against the Youghiogheny Country Club of McKeesport. This will be the third club match this season and the local club expects to carry the honors.

DRAMA CENTERS ABOUT WOMEN

The greatest epics of the stage and of literature have ever centered about the figure of a woman. Men may be of heroic mold and adventurous of spirit, but woman exudes a spirit of romance, love and drama that has made her the favorite character of writers of all kinds.

Thus in "Lilies of the Field," a First National picture which is coming to the Majestic Theatre, tomorrow, Wednesday and Thursday, we find the theme focused on the modern woman and the "deal" handed her by the world. Patient, long-suffering and meek, she is the particular victim of fate and is buffeted about mercilessly. Loving, she is met with repulses and neglect. Forgiving, she is thrown aside.

VICENTINI TO MEET ROCKY KANSAS OF BUFFALO TONIGHT

Luis Angel Vicentini, hardest 135-pound hitter in the world, enters the ring at the Queensboro stadium this evening in a 15-round bout against Rocky Kansas of Buffalo. Kansas has met the best of them and the only one ever to stop him was Benny Leonard. In that bout Kansas broke his arm and was practically at the mercy of the sharpshooting champion. A man must have all his tools in a fight with Leonard. Vicentini is a great puncher. Lean and tall, he is ideal as a lightweight factor. He has a good defense and this is not idle fancy.

He has never been "in trouble" in any fight he has had in this country, though he met fellows like Dundee, Moran and Shugrue. He has done wonders and with his lack of knowledge of the American style of fighting, it must be admitted that he has performed in a manner more than merely creditable. It has been little short of remarkable. Vicentini wants a crack at the lightweight title and he is sure to get it even if he stands off the other contenders. They'll never be able to blackball that bird out of the running. A desperate fight is prophecied. It means so much to both of them and the victory would be the sweetest of portions especially a K. O. triumph.

IN THE WORLD OF SPORT

Charleroi Independents Beat Monessen Saturday By The Score Of 9 To 5

In a hectic struggle, witnessed by partisans of both teams, the Charleroi Independents were successful Saturday in defeating the Monessen Legion team, thus evening and squaring accounts for the defeat sustained by the Legion club here last year. However, Pitcher Harry Beatty was aided and abetted by a better club than that which lost to Monessen last year; and further, the Legion team did not have the sagacity head directing their efforts this season; for in McIlvaine last year he was a big cog in the works defeating the locals, inasmuch as he instructed Pitcher Latriam, then with Monessen, just how to pitch to the Charleroi players and otherwise gave them salient advice. The score Saturday ended 9-5.

In the fore part of the contest it looked as though young Mr. Fleming, who was in the box for Monessen would be returned the winner, as Charleroi played some pretty loose ball at the onset, and was guilty of four errors, which, sandwiched with a couple of timely drives on the part of the visitors, enabled them to score four runs in the third inning. They scored another in the fourth, but after that Beatty clamped down the lid, and there was no more bunching of hits on the part of Monessen.

Charleroi looked like thirty cents against the twirling of Fleming in the early innings. The youth has a tantalizing slow ball, which he mixes with his fast ones, and he had the Charleroi players hitting the sphere in the air, easy pop flies and long flies to the outfielders. In time the locals ceased "biting" at Fleming's slow ones and selected the fast ones, and by this change of method, began to hit the pitcher of the visitors successfully. In the fourth they scored thrice, in the fifth they annexed another run and in the seventh and eighth they scored five runs putting the game "on ice." Fleming seemed to tire as the contest proceeded, while Beatty got better.

Fir the visitors Brian and Yengst appeared to advantage in the infield, and Anderson pulled down with ease everything that came his way; while for Charleroi, the batting of Captain "Bill" Phillips, who had three hits, and the general all-around play of the locals featured after their belated start. An avalanche of home runs struck the major leagues last week. Four circuit clouts apiece being recorded by Pipp, New York Yankees; Fournier, Brooklyn Dodgers; Kelly, New York Giants, and Wilson, also of the Giants. UNCLE SAM'S TRACK AND FIELD TEAM WINNERS

Paris, July 14—Maintaining unbroken a record of successive Olympic victories dating back to the revival of the modern games at Athens in 1896, America's track and field team surpassed their performance of four years ago at Antwerp when they won this year's honors at Colombes Stadium with near 100 points to spare.

Four years ago, Finland tied the United States in first place, this year we won 12 to the Finns' 10. The final point score of the first three teams was: U. S. A., 255; Finland, 166; England, 85 1-2.

Records crashed and fell to the very end of the games. Sunday's competition found the American relay teams setting new world marks for the 400 and 1,600 metres, and "Bud" Houser, the California whale, becoming a double Olympic winner by breaking an Olympic record in the discus.

Pittsburgh, July 14.—All persons who refuse to be vaccinated as a protection against the threatened epidemic of smallpox will be prosecuted, Dr. R. H. Cohan, health officer, announced in police court today, when he appeared against Walter Harris, negro.

Harris was arrested when he refused to allow Cohan to administer anti-toxin, claiming that he had had smallpox once and that his blood was in bad condition. Cohan contended that Harris lived in the smallpox area and that he should have been vaccinated. Harris was fined $10 on a technical charge of interfering with an officer. He was said to have torn up a warning sign which Cohan had posted on his door.

WILL PLAN THE CAMPAIGN AT A CONFERENCE

New York, July 14.—Preliminary consideration of Democratic campaign strategy will be taken up in conference at the temporary headquarters of John W. Davis, the nominee, today. The headquarters are at the home of Frank L. Polk.

Davis returned to the city this morning after spending a quiet week at his home on Long Island. He was much rested.

The only political conference he had over the week-end was with Senator Thomas Walsh, chairman of the National convention.

Party leaders will call on Davis within the next few days and the battle lines for the next few days will be laid. One of the first matters to be disposed of is the chairman of the National committee.

Davis has not made known his choice for this post, but is expected to announce it today or tomorrow.

The former ambassador plans to spend the week in conference here and Friday will go to the summer home of Charles Dana Gibson at Isleboro, near Dark Harbor, Maine, for a two week vacation. The campaign probably will start immediately upon his return.

Gov. Al Smith, who was defeated in the race for the party's nomination for the presidency, returns to Albany today to take up his official duties. A large demonstration is planned for him there.

CARD OF THANKS.

We wish to thank our friends and neighbors for their kindness and sympathy shown during the sickness and death of our father, Michael Marchalk. We also wish to extend our thanks whose last respects were shown by sending of floral tributes. all of which were indeed very beautiful; and also those who donated their cars. Mrs. Mary Marchalk and family, 1009 Lincoln avenue. 33t1p

SCOUT DUFFLE BAG

BY H. S. HALL,
Scout Executive.

Camp is ready. Boys everywhere throughout the Monongahela valley are getting ready for camp, and now camp is ready.

With a new athletic field, spring house, swimming pool, new road to camp and a complete staff of Junior Officers, who have already arranged a very interesting program, truly Camp Underwood can be said to be ready. About 500 boys will attend in the advanced periods from July 21 to August 18.

Post Race, Labor Day.

The next Council event will be held on the first day of September, when a post race will be held by four teams, picked from Donora, Monongahela, Charleroi and Monessen. A team of 50 boys will represent each district and will carry messages in a race on a course made from Charleroi City Hall to Monongahela, through Monessen and Donora. These messages will be sent to the advanced leaders and relayed from boy to boy; a very spectacular and public event; the tryouts for which will be held during the month of August.

Monessen Round Table.

A dandy meeting of Monessen Scout leaders, including some of the Junior officers, was held Wednesday, July 9, at the Junior High school. Plans were made for events in camp. Local activities program plan included a treasure hunt featured by a big camp fire and hunters' stew, to be held July 22, at Page Park. In this interesting activity six prizes will be hidden in various localities from one to two miles from starting points, and groups of boys will be split up and given notice and instructions, then they can hunt the treasure. The boy reaching the treasure first secures the prize. This is a test of their knowledge of their use of the compass, at the same time giving fun. A Jubilee camp fire, in which all Scouts will take part, their efforts being for all to take part of hunters' stew, prepared by Scout Commissioner Carl Pitchner.

Donora Troop Festivity.

Harry Torbet, Troop No. 4, and Stewart Diess, who have made unusual success with the Boy Scouts of Donora, have planned a real "Old Tyme Festival." On July 11 and 12, Friday and Saturday, they will again put forth evidence and have prepared a special program to render on this occasion. The public is invited to attend and support the boys. This program is especially put on in order that the boys in the troop may go to camp.

New Inspection Plan.

The Scout Leaders committee on activities have planned a very attractive inspection scheme to term the most efficient troop in each district. Each Scoutmaster is expected to send in a monthly report to all of the leaders of the troop. And after the result of these two inspections is given a definite rating on attendance, leadership, troop advancement, troop spirit, program, moral, discipline, out door activities, good turns, patrol system, and cooperation with district cimmittees. To the troop winning the highest number of points in this rating will be given the Commissioner's Flag, to be held for one month's time, and at the end of the year, to the troop holding the flag most of the months, a beautiful trophy plaque will be given. This will start about August 1.

CARD OF THANKS.

Mr. and Mrs. Andrew Dick and family, of 1109 Crest avenue, wish to thank all friends and neighbors, and Daughters of America for their kind expressions of sympathy and gratefully acknowledge all flowers sent in their time of bereavement. 33t1p

DALY IS TO HEAD HOSPITAL CAMPAIGN

(Continued from first page)

sponsibility of the leadership in getting a new hospital for this community. A better man, in the service of our community, could not have been secured here. It will be a hard job to raise the money, but with everybody doing their part there is no question but what the campaign will be a success."

Assisting Mr. Daly as the principal leaders under him in the campaign will be a chairman of a large citizens organization and Mr. Daly may wish a chairman of the executive committee although as yet he has not reached a decision on this. There will also be about eight other leaders; and all of these leaders will make up the general chairman's cabinet.

The women of the city will be enlisted for service in the large organization along with the men, and it is hoped that the campaign details will be perfected in time to get under way by the last of the month.

The objective in the campaign has not definitely been decided although the committee are anxious to have at least $200,000 if possible to build the kind of a modern fireproof hospital that this community should have and to properly equip it. There is some talk of making a minimum objective of $100,000 and then striving for an over subscription.

Chairman Daly will have a meeting of his executive committee probably Tuesday when more definite plans and dates will be decided. Mr. Daly has been fully aware for some time that the present hospital at North Charleroi was unsatisfactory and too small for the needs here, but, not having been consulted until late Saturday when he was asked to take the chairmanship, he pointed out the obvious necessity of studying the situation a day or two before making a definite announcement as to the campaign policy as a whole.

Simply Meant He Was Guest at Two Dinners

Burlington looked up from his desk, upon hearing a cheery "Hello!" and found himself looking into the face of Davidson, college chum whom he had not seen for several years, says a writer in the Kansas City Star.

"Why, Davy, old fellow!" Burlington exclaimed. "Where in the world did you come from and what are you doing here?"

Then the two launched into explanations and reminiscences of college days. After an hour or more, Davidson declared that he must be on his way.

"How long are you going to be in town?" Burlington asked.

"Oh, two weeks at least," Davidson replied.

"That's fine! Won't you come out to the house for dinner Sunday?" Burlington asked.

Davidson hesitated a moment.

"But I already have an engagement for Sunday," he said. "Can't you make it the Sunday following?"

"Sure thing," Burlington agreed. "I'll see you again a week from Sunday, then."

"Oh, yes; but you'll see me next Sunday, too," Davidson told him.

"I don't quite get you," Burlington said. "I thought you had another engagement for next Sunday."

"Sure, I have," Davidson repeated, "but it is also at your house. I called up your wife this morning and said hello to her and she invited me out for Sunday!"

Solving the Problem

There has been a good deal of argument about the way the young people carried on in the town square these evenings. Many of the city fathers thought it a public scandal, but they didn't have a big enough appropriation to employ special police.

The village halfwit, however, felt that he could solve the problem. He offered to do it for a can of black paint and two dollars. One of the town fathers was rash enough to furnish these requisites.

Next day the town was electrified to see that all the "No Parking" signs roundabout the square had, by the insertion of an "S" before the second word, become effective warnings to romantic youth.—Philadelphia Ledger.

Character in the Pencil

"Can character be read from the type of pencil one uses?" asks Popular Mechanics Magazine. According to one expert the answer is yes. Men are usually attracted by the lead and women by the outside coloring, he says. Persons of strong character know just what they want and will not be satisfied with anything else in buying, while weak characters adjust themselves to the first pencil offered them. Conservative people, who are used to certain pencils, demand what they have always had. Cautious folk wish to try out a pencil exclusively before purchasing it. Freak pencils are said to be much in demand.

Rocks for a Park

At the registry office in Bath, Maine, there is recorded a deed from the United States to the state of Maine of Sugar Loaf Islands at the mouth of the Kennebec. The deed says that these islands shall be used for park purposes, and in the event of their being used for any other purpose the title shall revert to the United States. But the islands are a couple of large rocks each about 200 feet long. A good deal of their area is devoid of growth, while on the rest shrubs, grass and a few small trees struggle for life.—Exchange.
